## 2. Prologue

**\*\*Prologue\*\***

Brightfrost gazed down at her two newborn daughters suckling at her soft belly. \_They're beautiful. \_She thought to herself, \_So beautiful I probably won't be able to think of names! \_Her mate, Brackenheart shifted beside her, "We should name them," he meowed. Brightfrost nodded in reply, "Of course." Brackenheart rested his tail on the dark ginger tabby. "This little kit's name shall be Acornkit," he announced. Brightfrost let out a purr of agreement. "I like that name." Brackenheart's eyes lit with happiness. "Great!" he meowed, "You name the brown and white tabby." Brightfrost let out a small purr of amusement. "Alright," she meowed and placed her tail-tip on the kit's lower spine. "Bramblekit," she purred, "For the brambles that help shelter our nursery." Brackenheart blinked. "That's a wonderful name," he agreed.

### 3. Chapter 1

#### \*\*Chapter One\*\*

The faint light of the full moon that help in the night sky shone only very lightly into the nursery. It was the night before Bramblekit's apprentice ceremony and as most kits would be, she was extremely excited, so excited that she couldn't fall into a deep sleep before opening her eyes and checking whether it was dawn or not. Bramblekit prodded Acornkit's side softly, "Acornkit," she whispered, "I can't sleep, i'm too excited." Acornkit let out a quiet groan, "Shut up Bramblekit," she moaned sleepily, "If you don't mind i'm trying to sleep." Bramblekit rolled her eyes, "Fine," she meowed, "but don't expect me to wake up when you want me to." Bramblekit padded over to where her mother, Brightfrost was fast asleep. She wiggled her haunches then leapt onto her fluffy, ginger tail. Brightfrost awoke with a shock and let out a purr of amusement when she saw Bramblekit. "Bramblekit what are you still doing awake?" she asked. Bramblekit flattened her ears, "I-i can't sleep," she confessed, "I'm too excited." Brightfrost sighed, "I knew one of you wouldn't be able to sleep but I must say if you don't sleep you'll be too tired to concentrate tomorrow when you're an apprentice." Bramblekit blinked, "Fine," she groaned, "Just because I want to pay attention when my mentor takes me around the territory."
